

ANC-6080 User manual

Bluetooth headphones
with active noise cancelling

Overview

1. Power switch:

Long press to turn on / off, or reject the incoming phone call.
Short press to play / pause when music playing or answer / end the phone call.
Press twice to redial the last phone call.
Press 3 times to activate the voice assistant.

2. ANC on/off

To start the noise cancellation, slide the ANC switch (2) up. The LED indicator (3) will light up in White.
To turn off the noise cancellation, slide the ANC switch down. The ANC LED will turn off.

3. Wireless music mode:

Long press + to play the next song. Short press + to volume up.
Long press - to play the previous song. Short press - to volume down.

4. Mobile Phone / Device Connection

Step 1: Open the Bluetooth setting on your phone / device and click "Search Device". Some devices will search for available Bluetooth automatically.
Step 2: Search for Bluetooth devices until you see "ANC-6080". Select "ANC-6080" to pair the connection.
Step 3: The indicator light on the headphone will flicker blue and red while pairing. Your device will indicate when the pairing is successful and the indicator light will stop flickering.

5. Charging :

Connect the included USB C cable to the charging port on the headphones and a free computer interface or an external USB power supply

TIPS:

- 1.This product is not a toy.
- 2.When using for the first time, charging for more than 1-2 hours is good for battery.
- 3.Please charge the product if the product hasn't been used for a long time (more than one month).
- 4.Please keep away from fire and water.
- 5.To prevent possible hearing damage, do not listen at high volume levels for long periods. Do not use the headset while driving or cycling or in any situation where you should be able to hear other sounds. As a guide to set the volume level, check that you can still hear your own voice, when speaking normally while listening with the headset.
